Cervical Health Awareness
Ask your doctor which cervical cancer screening is right for you.

American Heart Month
Love your heart: get active, eat well, and see your doctor regularly!

Colorectal Cancer Awareness
Talk to your doctor about ways to screen for polyps or colon cancer.

Alcohol Awareness Month
Drinking less alcohol can help you lose weight AND feel better.

Mental Health Awareness Month
One in five Americans live with a mental health illness; let's talk!

Men's Health Month
Even if you feel good, get your annual checkup today!

Dental Health Awareness Month
A healthy smile is a beautiful smile.

Immunization Awareness Month
Beat the rush, get your kids vaccinated before the school year begins!

Back to School!
Make sure your kids get an annual check-up. Call their doctor today!

Breast Cancer Awareness
Think pink! If you're 50 or older, schedule your mammogram.

American Diabetes Month
Manage your diabetes by taking your medicines, eating healthy, and staying active!

World AIDS Day: 12/01
HIV tests are quick, easy, and can be done during any doctor visit.
